Elisabeth Rehn
Minister

September 19, 2012

Dear Mrs. Rehn,

Thank you for your response and more importantly thank you for fighting for truth and justice on behalf of the victims of genocide and crimes against humanity. That being said, we continue our fight against genocide denial and granting Pavic this award is extremely counterproductive to the peace and reconciliation process. We are grateful for the work you have done and continue to do and we sincerely ask you to address this issue with the president of IHL and request a withdrawal for the award intended for genocide denier Marko Pavic.

In times of injustice silence is the people's biggest enemy and neutrality becomes the oppressor's best friend. At this time we ask for your help in bringing justice to the victims that continue to suffer as a result of Pavic's genocide denial.

Sincerely,

Professor Emir Ramic
